"FARMERS AND FARMERS
OUR GREATEST ASSETS"

Senator Makes Stirring Ad-
dress in Which He Pleads for
Passage of Bill That Would
Be of Inestimable Value

BY HALPE SMITH.

WASHINGTON, D. C., Nov. 15.—A noble address was delivered this noon by Senator Hoke Smith, of Georgia, before the Senate, in which he pleaded for the passage of the bill for the establishment of farm demonstration stations in every state.

Senator Smith's speech held the close attention of the delegates to the Senate, and many of the members were greatly moved by his appeal. He first laid down the broad principle that "our greatest national assets are farm lands and farm people."

He then pointed out the fact that the United States is the only country in the world that does not have a farm demonstrator in every state.

(By Associated Press.)
MEXICO CITY, Nov. 18.—Hoke Smith, of Georgia, is fortifying strategic points about the city. He says he will be able to resist the rebel attack.

A battle was fought yesterday at Arrio de Rosales, in the state of Michoacan, between fifty federal soldiers and 200 rebels. The rebels were said to have withdrawn from the field after three hours fighting, leaving twenty dead and many wounded. Only one federal was reported killed.

Quindio Viana, captain of Tamboqui, reported captured by the rebels, was alleged to be in the hands of the rebels. He was said to be going on to the suburbs. The rebellion of the city is believed to number 600 federalists.

CONGRESS IS ORGANIZED.
Continuation of the federalist organization of the new Mexican congress is reported here as getting the final touch. It is expected that the congress will only apply until the federalists are given a final trial.

Passing upon cases appealed from the Ninth circuit supreme court by federalist saloonists who had been previously enjoined by Judge H. A. Matthews from conducting business in the city, the supreme court held that Judge Matthews erred in issuing a permanent injunction and directed him to modify his order so that the federalists will only apply until the federalists are given a final trial.

ALL WENT TO THE COURT.
There was a world of difference in the position which the law officers of the supreme court, Judge H. A. Matthews, declared that the decision of the supreme court is a sweeping victory for his clients.

FIFTH REGIMENT OFFICERS PLANNING AN "AT HOME"

Entertainment in Honor of
Their Wives Will Be Given
November 20

That all work and play make even soldiers' families and inattentive officers to be recognized by those responsible for the upkeep and esprit de corps of the Fifth regiment, national coast of Georgia. To break the isolation of an "at home" is to be given at the armory Thursday night, November 20, in honor of the wives of the officers. It is to be a strictly regimental family affair and some hot officers and members of their families will be present.

A committee has been appointed by Colonel Orville H. Hall to make all necessary arrangements for music, refreshments and other features of entertainment. It consists of Major Walter C. Hendrix, Captain Oscar Palmer, Company A; Captain Asa W. Chandler, Company C; Captain Frank H. Liechtenauer, Company E; Lieutenant Almond Morgan, battalion adjutant.

For December a regimental affair is being planned. Among other things it will consist of an elimination drill, composed of the four best drilled men in each company. The winner will be awarded a medal suitably inscribed. Other features may be added by the committee. The drill which is to follow the drill will probably eclipse anything of the kind the regiment has ever undertaken. Every soldier will endeavor to get on the drill squad to represent his company and naturally will expect to bring his best girl to see him win the medal.

Some of the gallant Fifth asked Colonel Hall to rule every male dancer of the door who is not wearing a regimental uniform, since this event is primarily an enlisted man's affair, though all officers will be expected to attend. The special committee appointed by Colonel Hall to make the arrangements for this affair is composed of Major W. Preston, Captain A. Stokes, Company K; Captain W. J. Stoddard, Company L; Captain W. L. Loebe, Company G; Captain William Shanton, Company M; Lieutenant Colman, Company K; Lieutenant C. A. Langford, Company I; Lieutenant R. M. Anderson, battalion quartermaster-commissary.

CAN FIT YOUR NOSE

We can fit it of course we will fit your prescription, that is, if you have one. But if you have not had a satisfactory pair of glasses, we'll introduce you to one that will stay on without slipping. Dr. L. M. Moore, 100 South Peachtree street, optician, 45 S. Broad St.—(Adv.)

Your Unrestricted Choice of Any Madame Grace Corset in Stock--At Half Price

Through an error in stock-keeping we have become overstocked on certain number of Madame Grace Corsets. Conversely, on some numbers we have only broken sizes. The stock is so "lumpy;" too few of this and too many of that, that we simply must set it to rights. For a few days, therefore, we offer choice of any Madame Grace Corset in stock at just half the usual selling price.

Though Madame Grace corsets rank with the very finest and best corsets made, they cost no more—at these half prices—than ordinary corsets. The very newest models are included in batiste, coutil figured and silk broche. All sizes and styles, though not all sizes in every style.

All \$3 corsets are now \$1.50.

All \$5 corsets are now \$2.50.

All \$10 corsets are now \$5.

All \$25 corsets are now \$12.50.

Any price in between at just half.

**CURED A SEVERE
BACKACHE.**

"I had been for a great sufferer with backache so that I was unable to bend. A friend recommended Dr. Jones' Liniment and the first application gave me relief. One bottle entirely cured me."
"A few days ago a lady called and complained of great pains in her back. She had a little of Dr. Jones' Liniment and she was relieved immediately after applying it. We are recommending it to all our friends." Dr. W. R. Mott, P. Stutzman, of Higgins, Pa.
"Pains in the back are often mistaken for kidney trouble, and so-called kidney cures and plasters are resorted to, which, failing to relieve, only aggravate the trouble."—The following is a true story:
"Dr. Jones' Liniment relieved my Rheumatism, Neuralgia, Headache, Cramps. Cold in chest, or any pain or ache that can be reached by external application."

Ask your neighbors what Dr. Jones' Liniment has done for them.—(Adv.)

Recovered from Lung Trouble—Now Insured

Insurance companies will not accept any man afflicted with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that he has been cured. The following is a typical case. Cases have been reported when Lung Sufferers, after taking Beckman's Alternative, have been accepted by the insurance companies. I successfully passed the medical test of several insurance companies. Read this case:—

221 East St., Brooklyn, N. Y.

"Gentlemen:—About a year and a half ago I noticed that my breath was rapidly fading away. I was unable to walk more than a few feet, cough and was very weak; having, in fact, been told by several physicians that I was dying. I consulted a physician, who told me my lungs were affected. Not satisfied I went to another physician, who told me that I was in the first stages of Lung Trouble. I then purchased Beckman's Alternative. The night asthma stopped almost immediately, my cough became more and gradually less, until I was able to walk several blocks and my physician has pronounced me cured. I am now in the best of health and that I have just been accepted by two different insurance companies. I am now in the best of the same of my entire recovery by Eckman's Alternative."

(Affidavit.) W. E. GIBBS.

(Above abbreviated; more on request.)
Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Sold by all Jacob Drug Stores and leading druggists. Write to Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

J. B. TURNER'S GINNEY REPORT.
J. B. Turner bureau, through Miller & Cotter,
Memphis, says: Returns from gins in all cotton
producing states, since the

amount ginned to November 14, 1934, showing on the following table:

Alabama,	509,000;	South Carolina,	1,054,000;	Georgia,	1,226,000;	Alabama,	1,175,000;	Mississippi,	754,000;	Florida,	56,000;	Tennessee,	24,000;	Arkansas,	585,000;	Louisiana,	375,000;	Oklahoma,	639,000;	Texas,	3,219,000;	Others	90,000;
United States													10,401,000.										

Indications are that the percentage ginned west of Mississippi river is very high and that in states eastward rapid harvesting and ginning has taken place. In high country Texas forty gins out of seventy-two report closed for season.

In other sections of that state it is estimated that ten days of favorable weather will permit practically the entire harvesting of the crop. Ginning compares with 1,300,000 bales last year. During the period last year 1,431,000 were ginned, this year 1,555,000. Georgia compared with 1,332,000 last year while total ginning for the state last year was only 1,890,500. Texas compares with 4,621,000 last year and total for section 4,880,000. Oklahoma compares with 725,000 last year. Last year up to November 11, 76.4 per cent was ginned. If 78 per cent of this year's crop has been ginned it will be 78.4 per cent.

total ginning of 13,300,000 bales. If 50 per cent of the crop has been ginned as is claimed by many, it indicates a total ginning of 13,000,000 bales.

NEW YORK COTTON LETTER.

NEW YORK, No. 18.—The one noticeable feature at the start was its lack of support. Initial prices were only a part of response to Liverpool and the absence of buying power becoming apparent, bearish traders sold freely and commission houses sold to liquidate long

ation, short covering allowed 13.10 for May and little buying for a trim rallied quotations to 13.40, but there was no snap to the market. Spot prices were declining and Turner's glowing figures pointed to a subsequent report Friday fully up to the expectations of the bears. Technically the market has probably become somewhat overboid on the decline and some further upward turn is not improbable, especially should the revision be drastic. Not unless general conditions improve and spinners show an inclination to enter the market on a larger scale for spots, it would seem advisable to

able to sell out log commitments on any moderate rally—Anderson.

MEXICO CITY IS DESERTED BY FOREIGNERS

of foreign relations were said to have brought to light a difference of opinion which might develop into diplomatic exchanges. No estimation of the nature of this difference had been given. It was apparent, however, that it was important and until the situation was given as constitutionalist headquarters that Hale and Carranza would meet again there was some doubt that there would be another conference.

Former Chicago Alderman Disappears in Mexico

EL PASO, Tex., Nov. 18.—What has been the fate of Joseph H. Francis, former alderman of Chicago and one time president of the Automobile club of that city, was a question that constitutionalist authorities in Juarez were unable to answer early today.

Francis, who has been absent from Chicago since last May, was supposed to have come to Juarez from Terasas on the troop train that carried Villista troops to attack that city early Saturday morning. That he did not reach El Paso seems certain. A telegraphic appeal from Francis' father in Chicago last night has caused General Villa to institute a search which he declared would extend today to opening the graves of foreigners.

American Women and Children Reach Vera Cruz

VERA CRUZ, Nov. 18.—Fifty-four Americans, mostly women and children, arrived here today from Mexico City. Some of them have booked to sail for United States on the ship to Chicago, which sails November 20. The others intend to remain here awaiting developments.

THREE DESTROYERS PUT OUT OF COMMISSION

WASHINGTON, Nov. 18.—Three destroyers, the Craven, Wilkes and Stockton, which have been with the Atlantic reserve fleet, have been placed out of commission at Charleston, S. C., and today were stricken from the navy register. Of these craft, which are to be sold, the oldest is the Craven, whose keel was laid December 6, 1907, and whose commission date from June 8, 1909. She is 378 feet long and 32 feet 4-1/2 inches in breadth. The keels of the Wilkes and Stockton were laid in 1909 and the vessels were commissioned in 1910. Each is about 120 feet long with a 37-1/2-foot beam.

YOUR HAIR NEEDS PARISIAN SAGE

Use It as a Tonic—Banish Dandruff—Stop Falling Hair and Scalp Itch

Parisian Sage is a self-cleansing and invigorating hair tonic. It quickly penetrates the scalp, gets to the roots of the hair, removes dandruff, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Parisian Sage has had an immense sale and here are the reasons:

It is not injurious to the hair or scalp.

It removes dandruff with one application.

It stops falling hair and itching of the scalp.

It cleanses, cools and invigorates the scalp.

It makes hair that is thin, dull, matted or stringy, soft, abundant and radiant. It is not only a hair tonic, but it gives it that incomparable gloss and beauty you desire.

Parisian Sage is delicately perfumed—not sticky or greasy—and comes in fifty-cent bottles at druggists or toilet counters.

Get a bottle now—at once. Rub a little into the scalp—you will be surprised with the result. Delighted users pronounce Parisian Sage the best, most pleasant and invigorating hair tonic made. Be sure you get Parisian Sage.

COUNCIL UPHOLDS MAYOR IN SALARY RAISE VETOES

No More Pay for City Attorney
and Members of the Police
Force

Three vetoes by Mayor Woodward went to council for action Monday and in each case there was a strenuous attempt to override. Two attempts failed, the third succeeded.

The first was the mayor's veto of a resolution to raise the salary of city attorney James L. Mayson from \$2,200 to \$2,500 per annum. Alderman James B. Rutledge led the fight to override, declaring that Mr. Mayson is one of the hardest working and most efficient men in the city's payroll.

The vote stood as follows:
To override—Haskin, Woodward, Hall, Thompson, Green, Mason, Rosen, Wood, Horton, White, Smith, making 11.
To sustain—Knight, Ashley, Colcord, Abernathy, Humphrey, Kimbrough, making 6.

As this matter involved an expenditure of money it required a separate vote and council only voted. Later the resolution was introduced and it was referred to the salary committee. The next time, even should the salary committee vote against it, it would go to the council. The second veto was on a resolution to raise the pay of patrolmen in the police department \$2.00 per month all down the line. The mayor wanted this vetoed off another year.

Charles Whitford Smith, who has increased pay for the patrolmen, led the fight to override, but lost by a vote of 16 to 7.

These vetoes to sustain the mayor were: Woodward, Lynch, Knight, Ashley, Colcord, Humphrey, Kimbrough, making 6.
As in the case of the city attorney's salary, the leaders of the fight to override believed that with the full number of council present (20) they could win out and accordingly re-introduced the resolution later after the vote was taken. It was referred to the salary committee also, and there is a probability that it will be favorably recommended.

The third veto was on a resolution setting corporation for a water race to be erected at the corner of Broad and Alabama streets, where a water race is under construction. The mayor disapproved this project on the ground of illegality and general principles. He believed in his veto that a resolution was contrary to law because there is no authority to allow anyone from blocking streets.

He added that it is a nuisance, quite unnecessary, for half of a street to be blocked every time someone puts up a building. On this proposition council and the aldermen voted jointly and were more nearly of one mind than on the other vetoes, the only votes to sustain being Ashley, Humphrey, Keller and Harwell.

**WILL USE PRINTERS' INK
TO BOOST TRADE ABROAD**

Bureau of Foreign and Domestic Commerce Will Publish Newspaper Directory

(By Associated Press.)
WASHINGTON, Nov. 18.—Entering the advertising agency field with a view to building up American trade abroad, the federal bureau of foreign and domestic commerce announced today its publication of a newspaper directory for including American advertisers. The publication will give detailed information concerning various newspapers, their circulation, subscription prices and the classes of the reading public reached by each.

Printers' ink used judiciously abroad, it is believed, will prove a decided asset to foreign business. A valuable feature of the directory found in the bureau's hand information given of the business character of the various cities reported on, and the population, trade and industries to be reached through their newspapers.

Machine, Ditched and Abandoned, Found Later on North Jackson Street

Joy riders Monday night appropriated an automobile belonging to Marion Smith, son of Senator Hoke Smith, and after driving it more than thirty miles, ditched and abandoned it, somewhat damaged, on North Jackson street, just off Edgewood.

Marion Smith is out of the city on his honeymoon and had left his car in the care of his sister, Miss Callie Hoke Smith. Miss Smith used the car to go to the dance at the Piedmont driving club Monday night and arriving early, dismissed the chauffeur for several hours. To kill time, Fred Mohler, the driver, went to a picture show, parked the machine outside. When he came out the car was gone. Mohler contacted one of Senator Smith's cars and returned to the club with Miss Smith and after taking her home, went to police station and, with Captain Pollock, searched the city for two hours looking for the car.

CHARLES CORY HELD FOR SELLING STAMPS

Youth Arrested by Detectives
Admits Making Two Sales,
It Is Said

Charles Cory, sixteen years old, of 237 Central avenue, the youth who was recently involved in the temporary disappearance of Dr. S. C. Redd's automobile from in front of the Second Baptist church on Washington street, was taken in custody Monday evening by two Pinkerton detectives just after he had sold a lot of postage stamps at the Aragon hotel.

Young Cory was sent to police headquarters, where he was locked up on a charge of suspicion and his bond fixed at \$500. He will be tried before Recorder Boyles Tuesday afternoon. When searched at police headquarters Cory had 215 2-cent stamps in his pocket. He stated he had been given the stamps to sell Bernard Keating, a fourteen-year-old boy, residing at 244 South Pryor street.

The Keating boy, who was arrested and taken to the Fulton county juvenile detention home, 36 Trinity avenue, where he was also charged with suspicion. When questioned he said he found the stamps. Keating has been employed at a large Whitehall street department store and the officers believe the stamps were taken from that store.

Cory, it is said, admits he sold five cents' worth of stamps to Edmondson's drug store, 16 North Pryor street, and \$2.25 worth at the Aragon hotel. He says he sold them for face value and that he was under the impression they were the legitimate property of the Keating boy.

Cop Fires at Burglar; He Almost Hits Nurse

Miss Virginia A. Sandley, one of the best known graduate nurses in Atlanta, last Thursday evening narrowly escaped the bullet fired by a policeman at one of the burglars who entered the home of Mrs. William L. Pomeroy, 14 Kennesaw avenue.

Mrs. Sandley, who is nursing a few dozen from the corner from the Pomeroy home, was on the back porch preparing her patient's diet, when she heard the report of a pistol and simultaneously with the report a bullet whizzed past her head, struck a post and deflected through a window in an upstairs apartment occupied by Mr. and Mrs. R. L. Carter. After crashing through the window the bullet penetrated the partition between the porch and a heavy refrigerator and dropped into the ice box.

CANDLER MAY ENTER CONTEST FOR MAYOR

Woodward Opponents Boost
Ninth Ward Alderman for
Race in 1914

Alderman John S. Candler, of the Ninth ward, former mayor pro tem, former chairman of the finance and tax committee of general council, now chairman of the committee on hospitals and charities, is being mentioned in city political circles as a possible candidate for mayor next year in opposition to the incumbent, James G. Woodward.

That Mayor Woodward will stand for reelection is looked on as a practical certainty.

Those opposed to the mayor, both in council and elsewhere, quite naturally are casting about for a candidate whom they believe can overcome Mayor Woodward and they admit they must have a strong man to succeed.

Alderman Candler is not the only name mentioned in this connection. Forrest Adair, Walter P. Adreus, John W. Grant, Carlos Mason and others have been named as possible candidates.

CANDLER'S NAME TO FRONT
Just now Alderman Candler prevails in the current gossip. When asked by a Journal reporter Monday what he thought of it, Alderman Candler was rather non-committal.

"The office of mayor has no particular attractions for me," said he. "As mayor pro tem I have discharged the mayor's duties on numerous occasions, and often for weeks at a time, and therefore I know the amount of hard work a mayor must do. However, my life as a citizen it has been my policy to undertake whatever duty I am called on to perform."

It is rather early, however, to be even considering the possibility of the mayoralty campaign.

Rheumatism Advice
Prominent Doctor's Best Prescription Easily Mixed at Home.

"From your druggist get one ounce of Torle compound (in original sealed packages) and one ounce of strong ammonia compound. Take two teaspoonsful and put them in a half pint of water. Shake the bottle and take a tablespoonful before each meal and at bedtime. This is said to be the quickest and best remedy known to the medical profession for rheumatism and backache. Good results come after the first dose. If your druggist does not have Torle compound in stock he will get it for you in a few hours from his wholesale base. Don't be influenced by cheap imitations. Get this. It is said on having the greater Torle compound in original sealed and yellow package. Hundreds of cases were cured here by this prescription last winter. FULTON AND DEKALB ARE GINNING MORE COTTON

Experts' Figures Show Two
Counties Almost Doubled
Output This Year

Statistics gathered by W. C. Bruce, assigned to Fulton and DeKalb counties by the United States census bureau, show that up to November 1 of this year nearly twice as much cotton was ginned in the two counties as was ginned prior to November 1, 1912.

The figures of the federal agent show 3,200 bales of cotton were ginned in the two counties this year before November 1, against 1,627 last year.

The figures for Fulton county are 1,265 bales in 1912, against 576 bales in 1911; DeKalb county, 7,415 bales in 1912, against 4,081 bales in 1911.

**SOUTHERN PUBLISHERS
WILL MEET IN ATLANTA**
(Special Dispatch to The Journal.)
BIRMINGHAM, Ala., Nov. 18.—(Market and 17 were chosen as tentative dates for the twelfth annual meeting of the Southern Newspapers Publishers association in Atlanta at the meeting of the executive committee here today. W. L. Hattstedt, of the Constitution, was ap-

pointed to confer with Atlanta newspaper men and find if the tentative dates were feasible.

The executive committee decided on a big campaign of publicity and promotion for the entire south and named a committee, headed by Curtis R. Johnson, of the Knoxville Sentinel, to devise ways and means and to report back at the Atlanta meeting.

Georgia-Auburn Game Will Be Played at Ponce de Leon Park

Stop That Auburn Team Then Cross Their Goal, Is Red and Black Cry

Cunningham and His Men Realize That in Donahue's Outfit They Will Encounter by Far Their Strongest Opponents of the Season, and They Are Going Into the Game Prepared to Fight Every Minute for Victory—Light Work Monday Will Be Followed by Hard Scrimmage Tuesday Afternoon, and After That Signal Practice

(Special Dispatch to The Journal.)
ATHENS, Ga., Nov. 18.—Now that Georgia has won her fourth successive victory over Tech, and since Cunningham has seen his team defeat Huletman, all Georgia supporters, students, et al., consider the Red and Black football season of 1915 a great success.

But, though they are victorious, still they are putting themselves even in better shape (if such be possible) for the big game with Auburn. This is the first time in many years that Georgia has had even a look in at the championship of the S. I. A. A. And now that she stands a good chance to win the honors, she is not going to let it slip by without 100 per cent resistance.

Georgia realizes that she goes against odds when she meets Auburn, but at the same time it is still fresh in the minds of the University contingent that they went up against a great many more odds when they faced Virginia in the early part of the season, when the team was not in mid-season form, and came very near defeating the team from the Old Dominion.

The Red and Black are discounting all statistics and dope on the Auburn team, for they know full well that Auburn has the best team she has had in years. They also know that she has swept the deck clear so far this season, allowing only one team to cross her goal line. The question is now, can Georgia stop Auburn and then, after stopping them, can she cross her goal line? The Georgia team answers in the affirmative and will prove their stand in the coming game on Saturday.

Yesterday afternoon Coach Cunningham put his men through a light workout. All were off as a result of the game with Tech. "Cunny" divided his squad in half and they played "moccie" football for half an hour. This loosened up their muscles and when they were warmed he put the team in running drills.

Practice did not last long for Coach Cunningham thought best to let the men take it easy for a while. Today they stand the last real scrimmage of the year, but this will be a hummer.

The variety will line up against the scrubs, the latter using Auburn's formations and plays. After the scrimmage the rest of the week will be devoted to a continual driving signal practice. Only one man has figured above the "moccie" in Saturday's game. That was "Buck" Crump, the bright star who will be game. But the doctors say he will be a "X" for the game with Auburn.

It is expected that the Cunningham will make some changes in his lineup for the Auburn game in order to stop the terrible line plunges of the Alabamians.

Star Tech End Dislocated Elbow—Jackets Rested Monday; Begin Work Tuesday

Monday was an off day for the Yellowjackets and the men took advantage of this occasion to see the sights of the city for the first time since the season opened three months ago. After the Georgia game every year the team is allowed to break training until the Tuesday following the big battle. Then the men get down to hard work for the remainder of the season, setting on the next Saturday and completing the season by playing the Clemson "Tigers". This should be an unusually good game this year. Up to this time the Jackets have had very little trouble disposing of Clemson, but according to John the Tigers have improved more than any other southern team and the good boys will have to extend themselves to get by with the big end of the score. No one was injured seriously in the Georgia game with the exception of Cushman. He had his elbow dislocated and will be out for the remainder of the year. But the doctors say he will be played in all of the games so far this year. Johnson will be back in the Tuesday day game and Tech will present a strong front for the boys from Carolina.

Gunboat Smith Beats Langford

(By Associated Press.)
BOSTON, Nov. 18.—Gunboat Smith, of New York, was given the decision over Sam Langford, of Boston, at the end of a twelve-round bout here last night. Smith left almost no doubt of his round, scoring repeatedly on left jab to Langford's head and body, while the Boston negro made no serious attempt at defense. But as the bout went on, Smith, the California heavyweight, wanted and Langford assumed the offensive, sending left and right to Smith's body at short range, while the latter would not touch him. Langford's head was swayed and many of the spectators expressed surprise at the decision of Ross Dick, Phoenix, referee. Smith, at the start, labored with his left, supporting nearly all the time. Langford did not seem to be bothered by long-range punches without away many without great effort and standing up under them without defense. Occasionally he intercepted a right or left on Smith's body, but not until the seventh round did he make any apparent attempt to make the battle. Then Langford started a short-range fight which the night round resulted in opening Smith's cheek under the left eye.

Smith, by reputation a strong right-hander, relied on his left jab throughout. Seven attempts to land right angles went with varying success. But his jab was continuous.

Smith's cheek bloomed as the fight passed the end, the blood getting into his eyes and blinding him. He also seemed fatigued and nervous to his opponent, while Langford, although apparently carrying more weight than at any time in his career, appeared the stronger. Langford seemed unopposed.

Army Mounts Are Sensation

(By Associated Press.)
NEW YORK, Nov. 18.—Army mounts, ridden by officers in uniform, furnished the sensation yesterday afternoon at the national horse show in Madison Square Garden. Officers from Russia, Norway, England, France, Belgium, Canada and the United States participated in the international contest "Trooper," ridden by Major Howard K. Burt, First cavalry, national guard, New York, won the place. "Chivalry," ridden by Captain L. H. Bell, Sixth cavalry, United States army, and third to "Experiment," handled by Captain J. B. Lindsay, United States cavalry.

In the judging of hackney sills and races, Clarence H. Mackay won a blue ribbon in a class of three-year-old sills with "Lady Burns." Major C. W. McLean won a first in a class of mares four years old or over with "The Handmaid's Pride." The championship cup was won by "Surprise," the Broad Leas farm entry.

Ponce De Leon Football Nears Finish; Is the Scene Grid Surprises Galore Have Marked the Season

Georgia Has Selected Atlanta's Baseball Park to Play Auburn Next Saturday for Football Championship of Southern Intercollegiate Athletic Association

A telegram to The Journal Tuesday morning from J. Irvin Davis, manager of the University of Georgia football team, states that the Georgia-Auburn game next Saturday will be played at Ponce de Leon park and not at Grant field.

The Tech authorities had tendered the use of Grant field for the game free of charge, and it had been considered likely that Georgia would probably accept Tech's invitation.

Bob McWhorter and Kirk Newell are playing against each other next Saturday. They are playing their last game of college football and are leading their teams for a season.

It will be worth going miles to see Bob McWhorter, who will finish his football on an Atlanta gridiron, has had one of the most successful and brilliant careers of any man that ever donned a football.

He was a star from the first time he ever put on a Georgia uniform. He has since been first entered in the game four years ago played on a good team. McWhorter has done the game Auburn has as a whole been more consistent in their winnings. This will be a battle that has been in the history of Atlanta athletic annals as one of the best that was ever pulled off on a local gridiron.

Kirk Newell also has been fortunate enough to play on a more successful team than the majority of southern athletes. He has since been first entered in the game four years ago played on a good team. McWhorter has done the game Auburn has as a whole been more consistent in their winnings. This will be a battle that has been in the history of Atlanta athletic annals as one of the best that was ever pulled off on a local gridiron.

Tech Showed Poorly Against Mercer and Florida at the Outset, Then Came Forward and Drubbed Sewanee and Gave Auburn and Georgia Hard Battles—Georgia, Almost Beaten by Supposedly Weak Clemson Team, Now Contending for Southern Championship—Auburn, With Clean Record All Season, Scored on First by Vanderbilt Eleven

TWO more games and the football season will be over. A season that has been full of surprises and turnings. Teams that heretofore were dead dollar positions have come to the front, while front runners have been laid on the shelf for this season.

Teams have had reversals of form within a week that was considered impossible. One Saturday they would play a game that spoke well for championship honors, and the very next game would put up a prep school exhibition. Teams that were considered out of the running have overcome seemingly unconquerable obstacles and are now at the top. Games have been lost by a single point and one big battle was lost on account of a penalty.

Tech showed poorly all the early part of the season. Florida, considered little more than a good prep aggregation, played them off their feet and came near defeating them. Mercer out charged the Tech line and beating was two to one that Sewanee would walk away with the Jackets. They rose in their might and completely swamped the Tech. The next Saturday Tech was beaten by a good score by Auburn. The next game they played good ball but for the first time this season the team as a whole were nervous, and lost to Georgia.

Georgia made a poor showing against the Clemson team and then came to Atlanta and played great ball against the Jackets. Vanderbilt was completely smothered by Virginia, and the very next week lost to Auburn only by the narrow margin of one touchdown.

Virginia played Georgetown out of their feet and had the game won until one of the Virginia men was caught holding. The referee penalized the Virginians to their one-yard line and sent them on punt formation lost them the game by the margin of one point. The Virginia back was thrown for a safety.

Yale showed a complete reversal of form against the Princeton Tigers. Up to that time they had been looked on as underdogs. They played a good game and a sub was fortunate enough to drop disk in just few minutes after the game was a tie. Dartmouth was looked upon as the underdog of the team of the east. Charlie came along and put the trimmings to them before they knew what had happened.

Harvard beat Brown but not as well as it was thought they would. The championship of the east will be decided in the winter league by action and not by football plays.

But the championship of the south will be decided, and decisively, next Saturday when Auburn and Georgia clash in the presidency of the National Football League when it is officially offered to them, according to remarks of Walter J. Gailther, his private secretary.

Ebbetts Lauds Fired Manager

NEW YORK, Nov. 18.—William Dahlen, who was released yesterday after four years management of the Brooklyn National League baseball club, does not regret without praise from President Charles H. Ebbetts. Ebbetts said that in handling an exceptional release to Dahlen he had performed the most commendable deed in his career. Dahlen, for he had shown wonderful judgment in handling the Brooklyn team. "He leaves a team," says Ebbetts, "which, with the addition of two or three first class men, will be a championship contender in 1916."

"But in building up the Brooklyn team Dahlen has been unfortunate in finishing in a low position each year. That is the sole reason for his release," Ebbetts made a major league player in 1898, when he played shortstop for the "Knickerbocker" club. Ebbetts covered this position for the champion Brooklyn of 1899 under Ned Hanlon, and he played with the Giant when they won the world championship from the Athletics. When he retired as a player in 1909 he took charge of the Brooklyn National League club. The Brooklyn has never finished in the first division.

The new Brooklyn manager will not be announced until Thursday. It is believed in sporting circles, however, that John Dabbert, the Brooklyn captain, will be popular with the fans. It is likely to be selected.

MILWAUKEE, Wis., Nov. 18.—Jess Willard, of California, and Rodel, of South Africa, fought ten rounds to a draw last night. Both men quit strong and practically unmarked.

Crimson Team Bulldogs Begin In Best Shape Hard Work Outs

(By Associated Press.)
CAMBRIDGE, Mass., Nov. 18.—A week of preparation by the Harvard football team in perfecting a scheme of attack and defense against Yale in the game to be played next Saturday, was begun yesterday. The regulars joined for the first time in three weeks by Walter Trumbull, the center, took a part in a strenuous practice, although there was no actual scrimmage. The intention of the Crimson coaches, it is understood, is to have no scrimmage other than of the dummy variety, until the eleven lines up against Yale. The men are now regarded as physically fit.

During the last hour of practice there was much individual instruction. This included a study of the playing characteristics of the men whom the Harvard players are likely to be called upon to face, and the best manner to take advantage of these characteristics.

(By Associated Press.)
NEW HAVEN, Conn., Nov. 18.—Yale's varsity football team was given a complete rest yesterday; the players remaining at the Fairfield Country Club, where they went after the Princeton game Saturday. The men, returned to New Haven last night. There will be light practice on Yale field today followed by a scrimmage Wednesday and Thursday. On Thursday night the squad will leave for Auburnville, Mass., to remain until the game with Harvard Saturday.

Sweden Protests Gunning Matches

ROADS MUST PULL MILEAGE ON TRAINS FOR GEORGIA TRIPS

(Continued From Page 1.)

which, had delayed action on the traveling men's petition until after the pending legislation, was disposed of, then took it up and after several hearings passed an order requiring the railroad commission to enforce the mileage on trains.

This order was to become effective on February 1, 1914. Before that date the railroad commission had already introduced a bill covering the mileage question into the house, and the leading Georgia senator has assured the T. P. A.'s of the state that he will introduce a satisfactory bill on the same subject.

The decision handed down by the supreme court Tuesday was dissented to by Justice Beck, who takes substantially the same position as all railroad commissioners C. M. Cantler and Joseph P. Gray in their minority position on the railroad commission's order. These commissioners questioned the constitutionality of the order and also doubted the effectiveness in meeting the conditions desired by the traveling men.

HEALING OF THE WOUND.

In part the headlines of the supreme court's decision are as follows:

"Under the provisions of the code of this state, the railroad commission had statutory authority to pass an order providing that: 'All railroads selling mileage or penny scrip books are hereby required, on and after February 1, 1914, to pull the same on the trains of the company selling the same, when presented by the holders for transportation between points wholly within the state of Georgia, except where passengers board trains in cities of 10,000 population or more, according to the United States census of 1910, in which places mileage or penny scrip shall be exchanged for tickets.'"

"The statute and the order of the railroad commission passed thereunder were not in violation of the fourteenth amendment of the constitution of the United States as being an unlawful interference with the liberty of contract, or the taking of property without due process of law."

"It does not violate the due process of law clause of the state constitution."

"That a state, through its legislative or railroad commission cannot fix a reasonable maximum rate for the sale of mileage or penny scrip books, and then compel them to have certain tickets to certain persons at a low rate, does not negative the power to regulate carriers of passengers who voluntarily adopt such practice."

"As to the mileage and penny scrip books issued since the date of the order, this is clear."

THINK ROADS WILL WIN. J. H. Andrews, of the firm of J. H. Andrews & Co., who is president of the traveling men of the state, said Monday that it was the opinion of the traveling men that the decision of the supreme court would not end the fight as the railroads would probably take the case either to the inter-

acted with agriculture and rural life. He said: "It has never furnished anything like adequate means of plowing these truths in active use by the farming classes."

Experience has shown that the plan outlined in the bill now pending before the senate is the practical way to make the present expenditure of real service co-operative farm demonstrative work a thing of tested value. Those who have seen what has been accomplished under the direction of Dr. Knapp in the few localities which he could reach know its worth. It has been for years a part of the agriculture system of the numerous countries of Europe. Agriculture in Belgium and Germany has been revolutionized by it, the cost of production greatly reduced, the profit to the farmer greatly increased, and the prosperity of these countries which have intelligently used it substantially advanced."

Senator Smith closed by urging the heartiest cooperation from the nation's congress in all those endeavors which better conditions of rural life and add to the preservation and development of our greatest national resource, agriculture."

It was evident when the National Conservation congress met today in its fifth annual convention that a sharp fight was contemplated on federal policies by those delegates who contend the Washington government is usurping the rights of the states to regulate their own possessions.

It was reported the committee appointed to consider the water power problem had failed to agree and that the majority would recommend a revision of the government conservation methods.

The states' rights advocates will meet strenuous opposition. This was apparent in the speech of Charles Lathrop Pack, retiring president of the organization, who declared the "nemesis"

shoots self in leg.

ROME, Ga., Nov. 18.—Prof. J. S. Stewart, head of the department of elementary education at the University of Georgia, has completed an inspection of the public school system of Rome. He gives a very satisfactory report, stating that the high school should be placed in Group I, and that the Southern Commission on Accredited Schools, representing thirteen states, put the Rome high school and the Darlington school here upon the southern list.

GIRLS! HAVE BEAUTIFUL, CHARMING HAIR

AND NO DANDRUFF—25-CENT DANDURINE

Try this! Doubles beauty of your hair and stops it falling out.

Your hair becomes light, wavy, lustrous and abundant and appears as soft, fluffy and beautiful as a young girl's after Dandurine hair cleanser. Just try this modern cloth with a little Dandurine and the carefully drawn it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil

and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Dandurine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—peep out really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Dandurine from any drug store, or get it at our counter, and just try it. (Adv.)

They Lengthen Lives of Horses and Automobiles, Declares Federal Office

WASHINGTON, Nov. 18.—Good roads in the future should be built on the zig-zag plan for the avoidance of hills and steep grades, the federal office of good roads announced today in declaring that the lives of horses and automobiles could be lengthened thereby and the cost of hauling reduced materially. Experts contend that "the longest was around often may be the shortest and most economical way home," and decry the natural tendency to build straight roads wherever they must breast heavy grades.

According to the testimony of farmers consulted, the bureau declares, "where a horse might be able to pull 1,000 pounds on a level road it would have difficulty in pulling 2,000 pounds up a steep hill. The size of the load therefore tends to be measured by the grade of the largest hill on the road to market."
